From the Administrator.....

Hello Everyone,

We have been very busy doing some outside work widening Jarr Lane and adding some additional parking spaces behind the house. Please take advantage of the new spaces. I would also like to remind you not to park along the side of Creek Lane as the Fire Department needs to have access in case of an emergency. It also makes it very difficult for trucks to get in and out with deliveries. Brand new signs will be posted once the road is completed. Please be patient with the inconvenience of fixing the road. It will be much better once all the work is complete.

I would like to introduce you to our new Dietary Manager, Jay Ghazal. Jay has many years of experience in the food service industry and is a talented chef as well. We look forward to all the wonderful new menu ideas and foods that he will bring to us. Claudia Zimmerman has also joined our team as the Admission Coordinator for Silver Creek. Please help me welcome both of them to our facility.

Summer seems to be flying by and always seems to be too short! Please enjoy the weather with family and friends.

Kim Ciociola, Administrator

From the Director of Nursing

August is one of my favorite months -- marked by a time of family vacations and the making of new memories! But for many of our loved ones at Silver Creek, August can be a time of loneliness as loved ones are away on travels. If you can, please bring in a memory book / photo album, hard copy or digital. Our staff pays extra close attention to Residents needing a little extra TLC while you're gone, but a little memento or some prepared homemade food goes a long way. This August I will be taking a short-term mission trip to Moldova for a few weeks, and I will be leaving pre-recorded videos on my i-pad for my parrot, Phoenix, to watch while I'm away ☺.

*Amanda Nickerson, MPH, MSN, RN
Director of Nursing*

Person Centered Culture ~

Silver Creek Manor is embarking on a very important, exciting journey. We are looking to take our Hope Program, which focuses on the abilities and strengths of our residents who have dementia with regard to leisure and expanding it to encompass the culture of each resident here. We will be focusing on enhancing our skill of empathy toward those we care for with a person centered approach.

As family members of loved ones here, this new endeavor, the Hope Program, will become something for you to participate in as well.

Stay tuned for more information as the summer turns into fall. We will be having educational sessions with staff, followed by trainings, and will also be offering the same to families.

It's going to be an exciting time. Silver Creek Manor is a 5-star, Silver Award recipient, already known for providing excellent care to our residents. This new program will definitely enhance that ability.

Anne Cabral, QAPI Director

Summer Concert Series

Please join us once a month for our monthly concert series.

Our entertainers play in the garden, in front of our beautiful porch. Bring a chair or blanket and enjoy some time outdoors with your loved one!

August 10th Kevin McIssac

Each concert is
6:30pm – 7:30pm.
See you there!!!!

**August 27th
8am-2pm
Proceeds for Activity Dept.**

"When your family needs help, turn to ours"

Welcome!!!

New hires joining the team

*Linda, RN
Crystal, CMT
Jay, Food Service Director
Jennifer, CNA
Claudia, Admissions Coordinator*

MDS – The Person Centered Connection

Maria Ferreira, RN N

How Does Person-Centered Care Benefit Residents?

Residents have autonomy and are able to direct care and services. Resident choice fosters engagement and improves quality of life. Residents continue to live in a way that is meaningful to them.

How Does Person-Centered Care Benefit Nursing Home Staff?

Staff members are more comfortable caring for people they know. Staff form a strong partnership with residents and their families. Staff knows a person's preferences, can anticipate the person's needs and adapt accordingly.

How Does Person-Centered Care Benefit Nursing Homes?

Nursing homes have better quality outcomes due to the ability of staff to identify and respond appropriately to changes in a resident's condition. Nursing homes gain referrals from people who have a good experience and recommend the nursing home to others as a place for care.

Person-Centered Care at Silver Creek Manor promotes choice, purpose and meaning in daily life. We strive to support residents in achieving and maintaining the highest level of physical, mental and psychosocial well-being that is individually possible. This is important in keeping the resident at the center of the care planning and decision-making process. Care plans are living documents that are revised to reflect a person's changing needs. This is achieved through collaboration within an Interdisciplinary team, resident and family. These meetings are held quarterly, keep a look out for letters in the mail. We look forward to seeing you and value your input.
